4' wide

Spike Tote Kit for Your Feeder

Attach this Spike to your Hanen Feeder (either Boss-Size or Wrangler-Size) and use the Skid to fill the hopper with a bulk bag from the operator's seat.

1

Open Lid and Fold Up

2

Load Skid

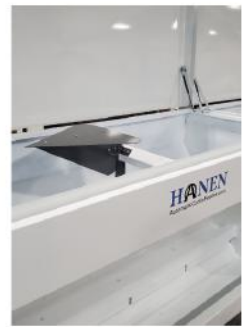

3

Load Feeder

4

Fold Down and Close Lid

Spike Tote Kit: Key Features

Faster

The spear-tipped system quickly and cleanly punctures the bulk bag, allowing for faster material flow compared to manual cutting or other methods.

The skid ensures that the bulk bag is perfectly aligned for clean, efficient material discharge into the hopper.

Minimize Spillage

The controlled discharge through the chute minimizes material loss and spillage, reducing waste and cleanup time.

Manufactured Fit

The tote platform is specifically designed to accommodate 1-ton bulk bag super sacks.

Heavy-Duty Construction

Made from durable 7-14 gauge steel, 100% powder coated inside and out for maximum protection.

Easy to Attach

Simple bolt-on installation to your existing feeder.

Foldable Spike

The spike folds down to allow the lid to close completely.

Trough Insert

Insert a layer of protection into your trough by adding a long stainless steel cover into your trough.

- Easy to Attach
- Gives Front Curb Protection
- Gives a Polished Finish

Wrangler Size Trough Insert

DIMENSIONS:

4' 3" long x 18" wide

Boss Size Trough Insert

DIMENSIONS: 8' 10" long x 18" wide
